WEBSITE PHOTOGRAPHY

You are no doubt aware that we have been routinely taking photos of church events over recent months. One of the main reasons for this has been to provide live, local images for our new website; the redevelopment is almost complete and we are planning to launch during May. The site is an exciting, dynamic new communication tool and opens up many new possibilities as we build and grow.

To this end, we need to give you the opportunity to let us know if you DO NOT want photos of you used on the website or in other potential promotional material for the church. We will be using dozens and dozens of photos on the site and it is more appropriate to ask you to 'opt out' rather than wait for everyone to respond by 'opting in'.

Of course, this only applies to adults. The use of images of under 18s will be in strict adherence to the Photo Permission Documents that we already hold on file from parents. It would be helpful to receive your 'opt out' requests no later than Sunday 11th May. After this date we will assume that you are happy for images to be used. Please respond by email to jon.athill@winfam.org.
